To Whom It May Concern:

This letter is written in support of the application of Donna Pence for a teaching position in a secondary Arts program. I had the privilege of working with Donna this year as her USU mentor.

As an ARL teacher, Donna quickly acclimated to the classroom. She currently teaches art at a charter school. My observation was that she demonstrated an ability to quickly establish positive relationships with her students. She is knowledgeable about the state arts curriculum and is able to quickly engage her students in that curriculum. She has a calm manner, a quick smile, and sets high standards for her students.

I am pleased to recommend Donna for a teaching position in the visual arts.

Sincerely,

David R. Adamson
