To Whom It May Concern:

I am pleased to recommend Donna Pence for a teaching position.

I have worked with Ms. Pence on several occasions and was impressed by her creativity, follow through, and interaction with her students. Her ability to connect with each student, by addressing their unique abilities and specific needs, is remarkable. Ms. Pence has consistently demonstrated in the projects for which she has been responsible, that her students respond to her teaching style and explanation of the project goals. In addition to being a talented artist, she is energetic, articulate, and reliable. I highly recommend Ms. Pence without reservation.

Please contact me if you feel that I might be of further assistance to you.

Sincerely,

Roni Thomas
